

Foodservice - Carrot Nutrition & Offerings

- Always refrigerate immediately - never break the "cold chain"
- Ideal storage temperature/atmosphere: 34° to 36° F, 98 to 100% humidity
- Store away from ethylene-producing fruits (avocados, apples & bananas)
- Whitening of carrots is due to natural dryness; a quick ice water bath will freshen and restore color
- Rotate stock on a first in/first out basis

Allergen Statement

Grimmway Farms Malaga facility does not handle the following allergens:

- Wheat
- Peanuts
- Tree Nuts
- Soy
- Fish
- Shellfish (crustaceans)

The following products containing allergens are produced at the Malaga facility:

Baby Cut Carrots with Ranch Dip

Conventional or organic ranch dip products are produced on a dedicated line that uses sealed cups of ranch dip containing **dairy** and **egg** allergens. Both products are produced under an allergen management program.

All other processed carrots packed by Grimmway Farms are processed on equipment that is exclusively used for carrots and does not contain any of the top eight allergens.

All whole carrots are packed in a separate facility that does not handle any allergens.
