Complex Carbo.....(g)	.000	Iron.....(mg)	50.407
Sugars.....(g)	.000	Sodium.....(mg)	25
Dietary Fiber.....(g)	.000		

To assist customers complying with the Nutritional Labeling and Education Act (NLEA) Foran has compiled the preceding information from its database. The database contains information derived from actual analysis, vendor supplied data, and data from public literature.

Please note that although Foran worked hard to develop this database, reliance on this data alone could result in a violation of the NLEA regulations.

The FDA stated the use of databases may result in labels in violation of the law because the data are often inaccurate and they do not account for losses during processing. (58 Fed. Reg. 2163-2164 (Jan.6, 1993))

FDA will determine compliance of your products by analyzing samples of your product in accordance with appropriate AOAC methods. (21 CFR Section 101.9 (g))
