Handling Suggestions

- Always store gyro cones in the freezer, never let cone thaw before using.

Serving Suggestions

- Slice the meat thin as possible with a 14" straight edge beef slicer or electric slicing knife.; - The gyros cone must cook continuously at full heat from the time it is placed on the Autodoner broiler until completely carved.; - All sliced Gyros meat must be held at 165F or above in a steam cabinet until served.; - At the end of the day, all remaining Gyros meat must be cooked and carved. No cooked meat can be taken off the skewer and refrigerated.

Prep & Cooking Suggestions

- Place skewer through hole in cone, with smaller diameter of cone supported on the round disk of the skewer.; - Pull out the upper and lower skewer supports. Place skewer through the upper support first and then lower the skewer through the drip pan to engage the motor drive.; - Adjust upper and lower supports so that the meat is 4"-5" away from the heating element.; - Turn the motor and burners on and let cooked until browned outside.
